(g) partner with the private sector and other stakeholders to deliver these measures and programs quickly and efficiently; and

(h) promote and protect the interests of all Filipinos in these challenging times.

Currently, the private sector has taken the bold step of working side-by-side with various stakeholders to heed the government's call in the fight against COVID-19. In true "bayanihan spirit", the private sector is at the forefront of contributing financial assistance and giving donations in kind to our frontliners, including Personal Protective Equipment (PPE), which under said law, refers to gloves, gowns, masks, goggles, face shields, surgical equipment and supplies, laboratory equipment and its

reagents, medical equipment and devices, support and maintenance for laboratory and medical equipment, surgical equipment and supplies; medical supplies, tools, and consumables such as alcohol, sanitizers, tissue, thermometers, hand soap, detergent, sodium hydrochloride, cleaning materials, povidone iodine, common medicines (e.g., paracetamol tablet and suspension, mefenamic acid, vitamins tablet and suspension, hyoscine tablet and suspension, oral rehydration solution, and cetirizine tablet and suspension); testing kits, and such other supplies or equipment as may be determined by the DOH and other relevant government agencies, to affected stakeholders.

Thus, in accordance with Section 244 of the National Internal Revenue Code (NIRC) of 1997, as amended, in relation to Sections 101 and 34 (H) thereof, the following regulations are hereby issued to implement Sec. 4(z) and Section 4(ee) of R.A. 11469, while adopting the government policies as embodied under Sec. 3(g) and Sec. 3(h) thereof.
